

# Essential Arts Concepts

## *Expanding Public Awareness of Jazz*

*Inspiring educational opportunities:*

Performances

Informances

Workshops

Clinics

Educational programs are the centerpiece of Essential Arts Concepts' mission to expand public awareness of Jazz.

We now offer a range of events including performances, workshops and informances for all educational levels. These events help introduce new audiences to one of America's greatest national treasures: Jazz. Participants learn about what makes jazz such a vibrant, lasting art form, as well as the benefits of improvisation and being spontaneous.

Events are led by a core group of distinguished Teaching Artists, comprised of some of the most talented jazz musicians in the New York City. Our programs offer valuable insights for students, musicians, educators, arts organizations, and music business professionals alike. Individual workshops may be tailored to the needs of students at the beginning, intermediate, advanced and professional levels as needed.
